Dartmouth, NS

heyscottmarshall@gmail.com

HIGHLIGHTS

- Writer and artist who creates compelling documents, storyboards, e-learning, comics, and design.
- Seeking work with clients or teams that value creativity, accessibility, and solving problems.
- Focused on using my skills to provide positive user experiences.

SKILLS SUMMARY

Technical Writing and Documentation

- Created documents, e-learning, online help and other deliverables for a variety of applications including the nuclear industry, cloud computing, and digital television.
- Expert with DITA/XML authoring with oXygen, MS Office (including Visual Basic for Applications), content and learning management systems, screen capture applications, and FrameMaker.

Graphic Design and Illustration

- Fluent in the Adobe Creative Suite and Affinity suite.
- Skills include design for print and web, storyboarding and scripting

Audio and Video Editing

- Created video content with nonlinear video editing tools like Final Cut Pro and Premiere.
- Experienced with audio recording and editing using applications like Audition.
- Voiceover artist with hundreds of hours logged in studio, mostly for e-learning.

WORK HISTORY

Senior Technical Writer | Innovatia | 2011-2023

Worked mainly with Cisco Systems to document several of their networking and cloud products. Also filled in with other clients as a graphic designer and e-learning course developer.

Graphic Designer and Illustrator | Various Clients | 2000-present

Worked with a variety of clients including WorkSafe NB, Northern Lights College, Bell Aliant, and Revolution Strategy to create websites, storyboards, identity systems, e-learning, training manuals and videos, technical documents and illustrations.

EDUCATION / TRAINING

Acadia University | Master of Arts | 1989-1992

Studied English literature, concentrating on linguistics and storytelling with words and pictures.
